

Cobra Connex

Ready when you need it

Cobra Connex | Ready when you need it

On the roads, safety & security are major concerns: accidents, emergencies, breakdown, vehicle theft

Cobra Connex for: eCall, Safety, Security & Tracking

- eCall Automatic crash response
- Vehicle tracking
- Roadside assistance
- Stolen vehicle recovery

Cobra Connex | Automatic Crash Response

If the crash is serious

After calling MERS 999, make a Voice call to registered mobile phone

4

CSE SOC
Check severity & call MERS 999 immediately if serious

2

3

Telematics device transmits data:

- ▶ Time
- ▶ Location
- ▶ Direction of travel
- ▶ Severity

1

CSE Vehicle Telematics Platform
Process crash data

Nearest emergency vehicles are dispatched (Police & Ambulance)

Cobra Connex | Automatic Crash Response

If the crash is not serious

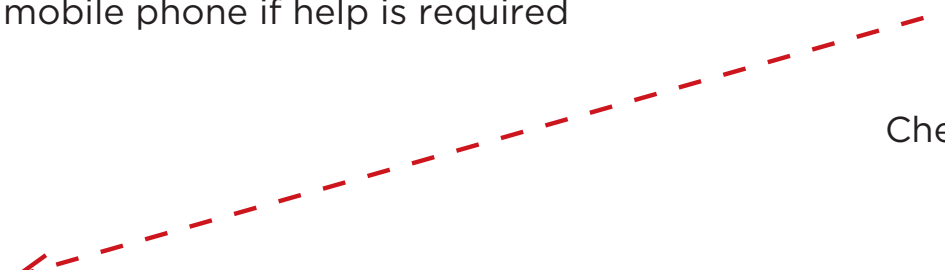

SOC will make a Voice call to registered mobile phone if help is required

CSE SOC

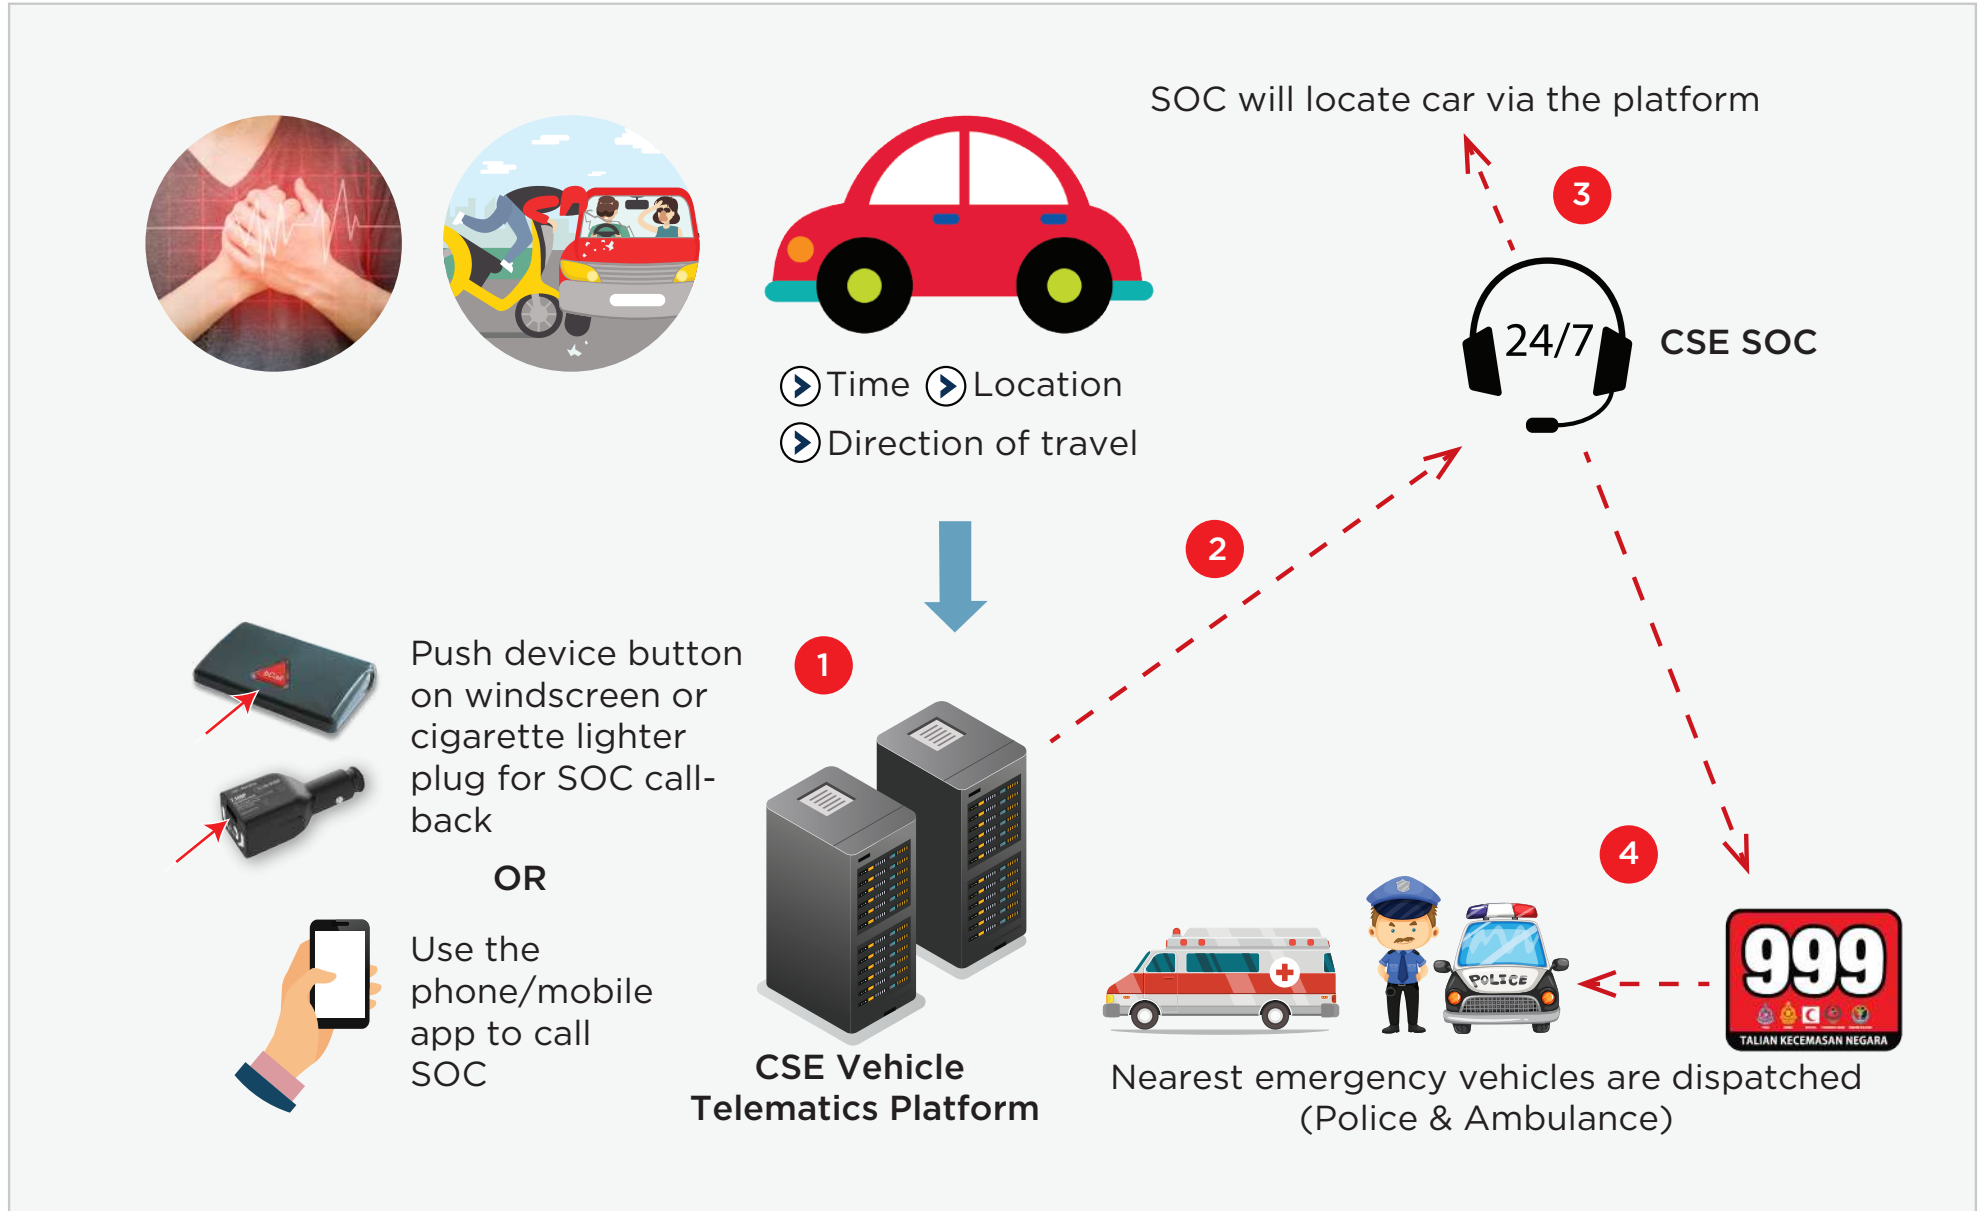

Checks for severity

Cobra Connex | Emergency Assistance

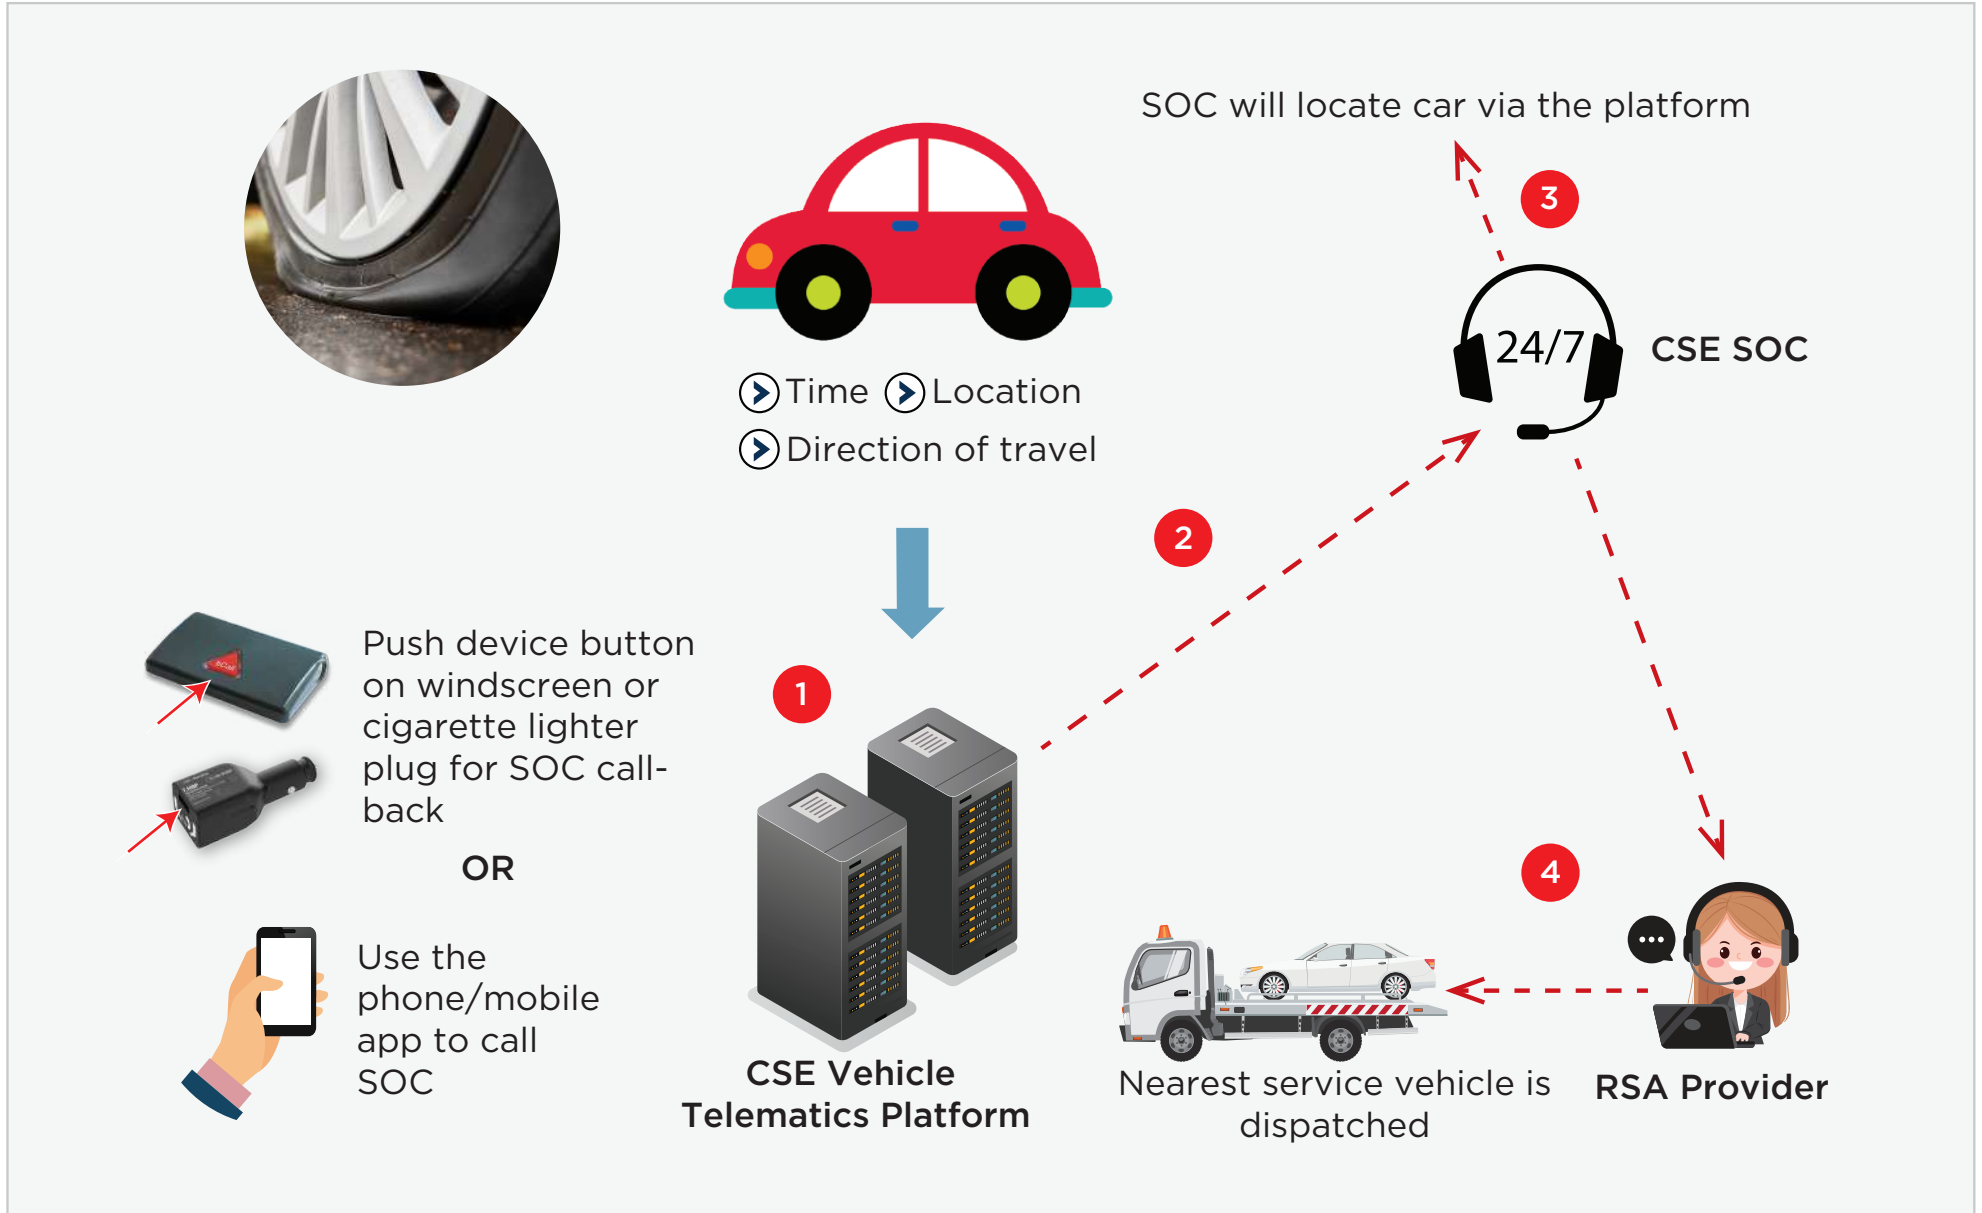

E.g. driver doesn't feel well or witness an accident

Cobra Connex | Roadside Assistance

E.g. punctured tyre or flat battery

VIP Assist - Unlimited towing, Repair on spot service & transport reimbursement

In case of an accident, our SOC is alerted immediately and will call registered number. If towing is required, our SOC will contact nearest tow truck to transport the vehicle back to customer's preferred workshop.

In case of a breakdown/flood and towing is required, customer will be able to request for vehicle to be towed to their preferred workshop without having to be concerned about additional towing charges from anywhere in Peninsular & East Malaysia respectively.

Repair on spot service (up to RM300 free labour) - battery jumpstart/replacement, tyre replacement and out of fuel delivery.

Transport reimbursement (up to RM2,000) in case of accident repair (when repaired at an authorised workshop).

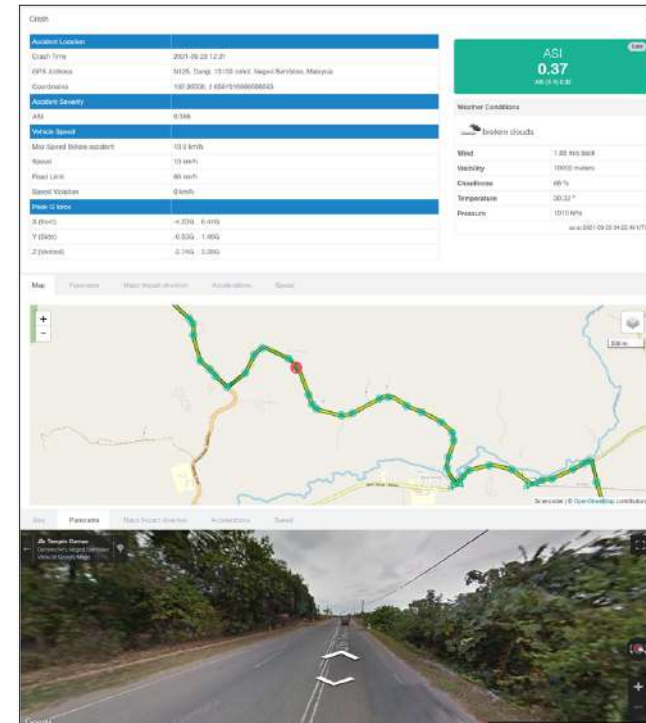

Accident reconstruction - to ascertain the cause of an accident. Use it to lodge police report and third party claim.

Accident Reconstruction

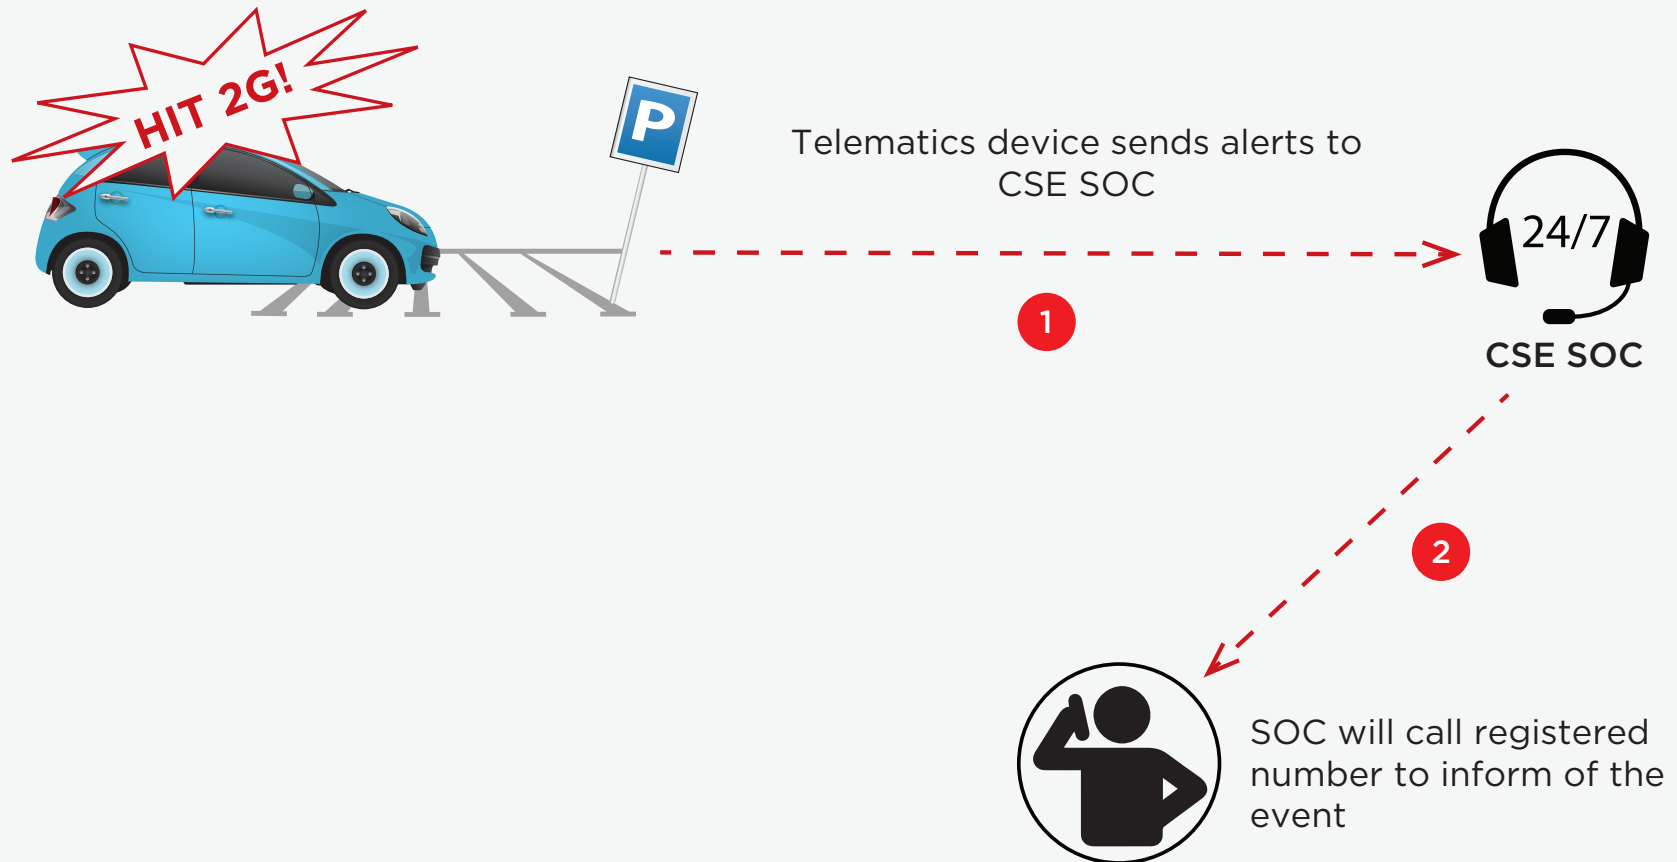

- ✓ Panoramic report 60s before and 10s after the crash
- ✓ Associated trip with full details
- ✓ Full details per second

Crash reconstruction chart e.g. the speed was constant at 60km/hr and then saw danger, started braking, impact and then continue to brake to stop the vehicle.

ASI - Accelerated Severity Index - how serious is the crash & likely damage area of the vehicle (ASI > 1.0 = Serious)

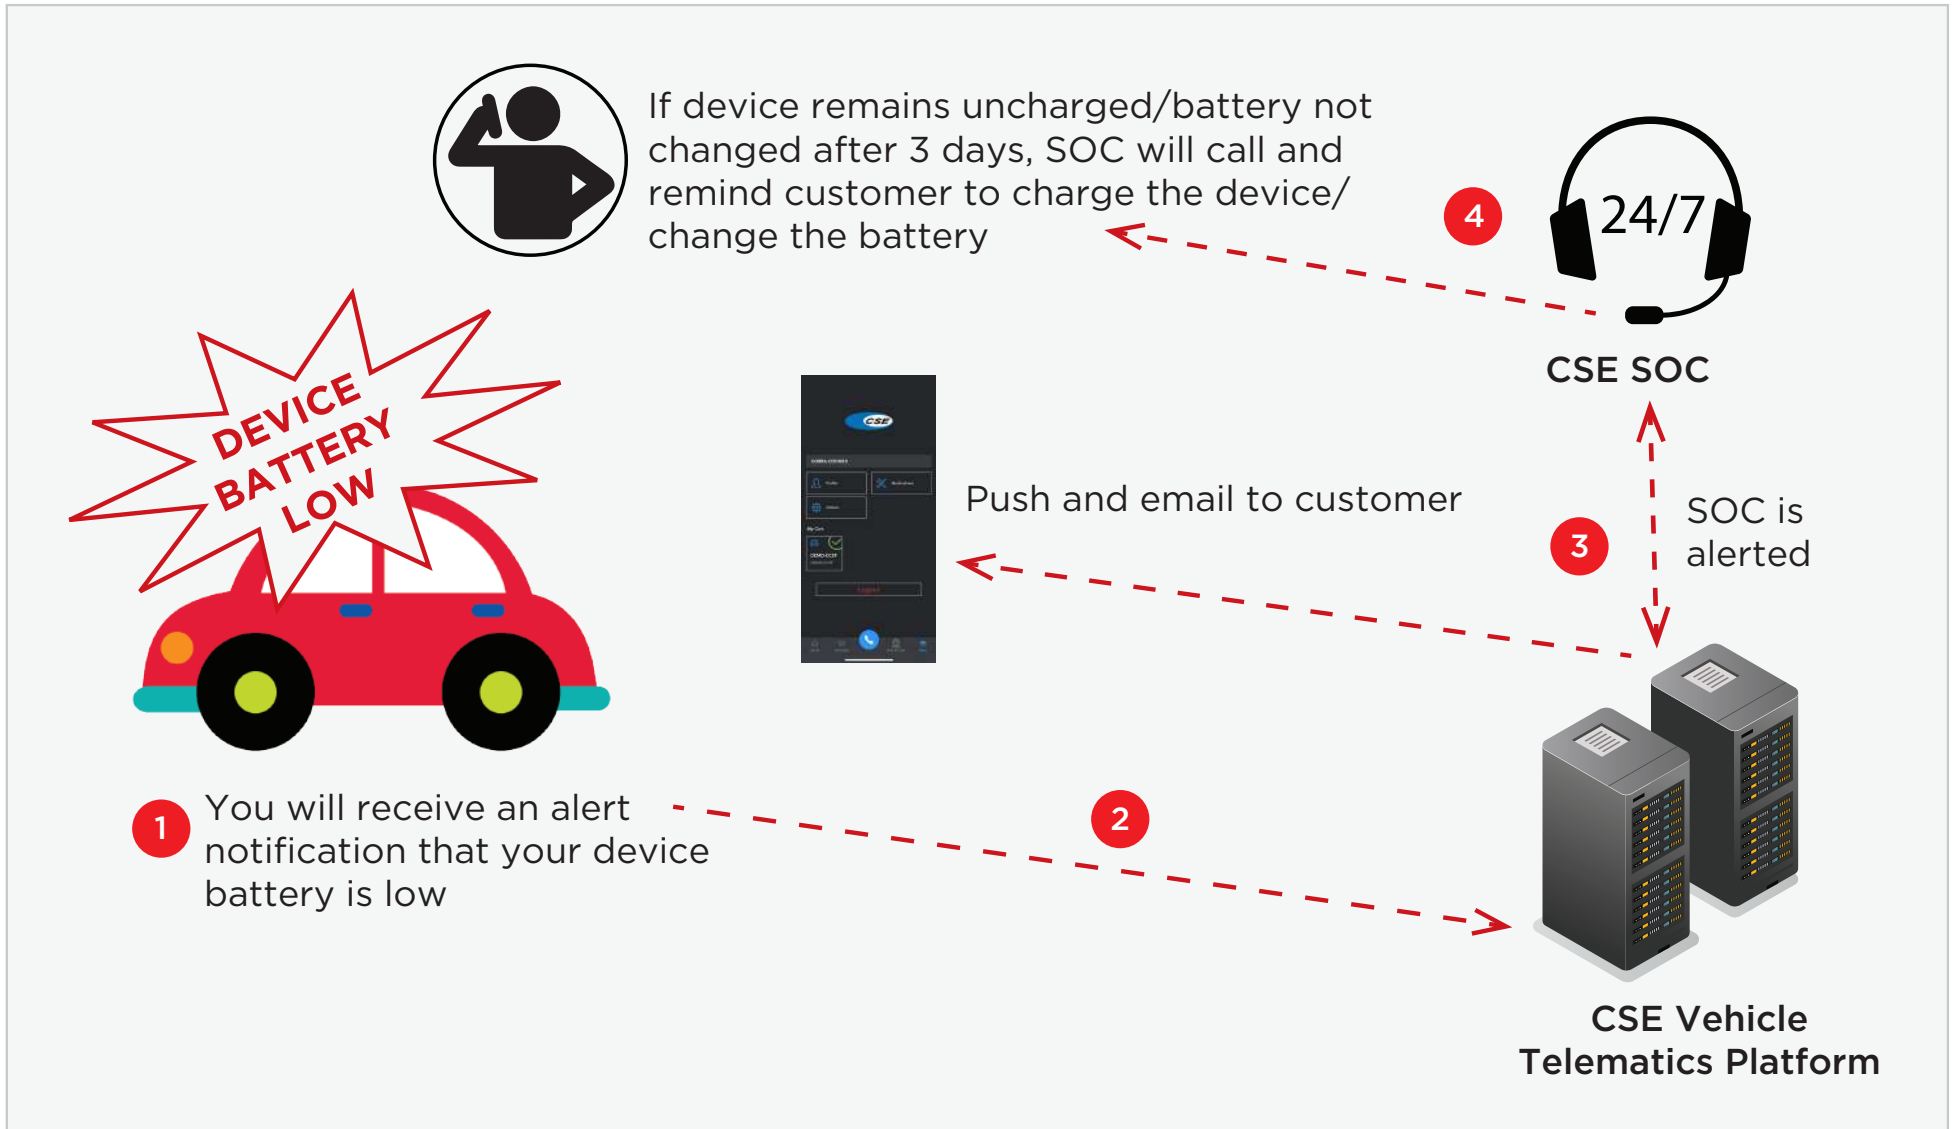

If the car is hit while parked...

Cobra Connex | Windscreen/SPD device battery low

Cobra Connex | Stolen Vehicle Tracking & Recovery

Theft alerts:

- Automatic: The device in the vehicle sends theft alerts
- Voluntary: The owner reports theft of the vehicle

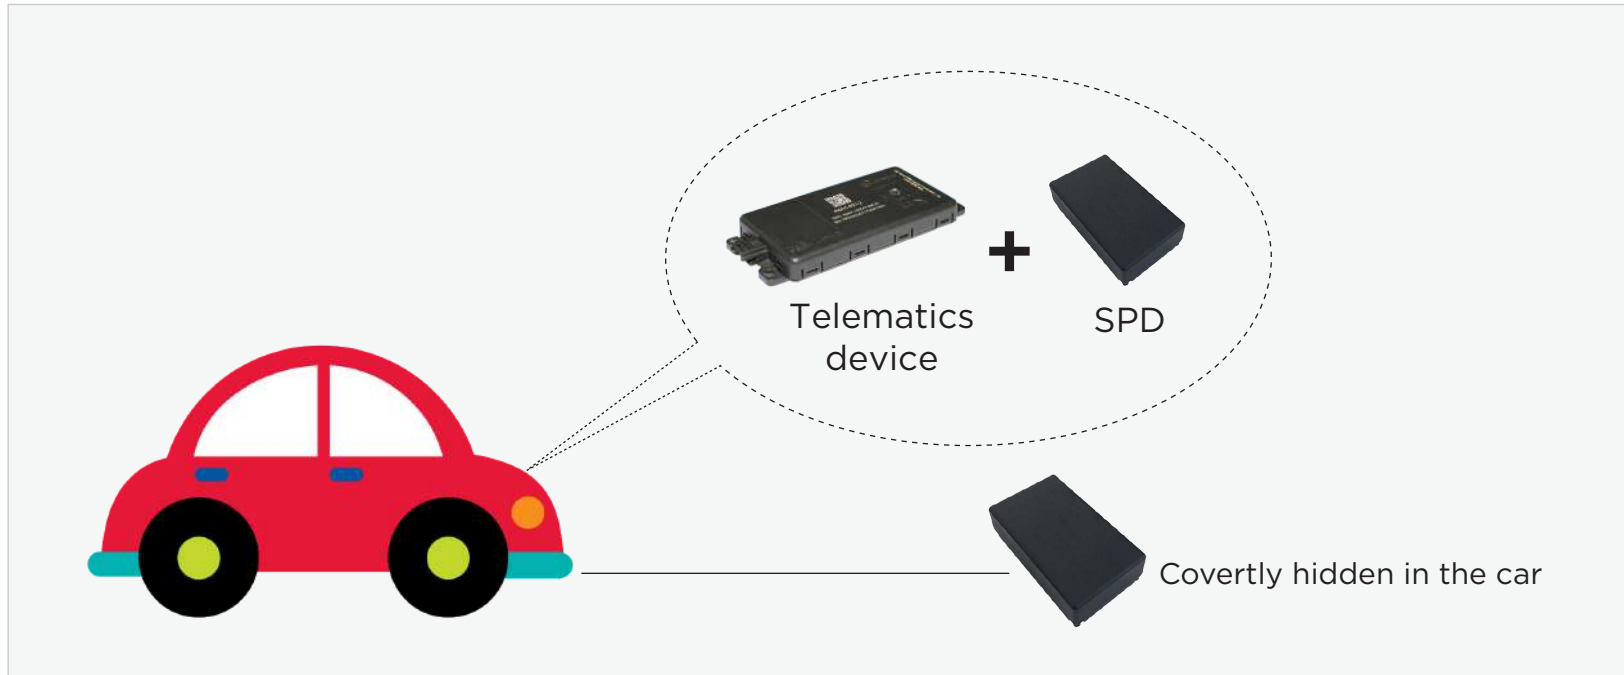

SOC Control Room:

- Validates theft alerts with the owner
- Real time stolen vehicle tracking and providing data of the stolen vehicle and its location to the Police

Cobra Connex | Proactive theft management with SPD matching

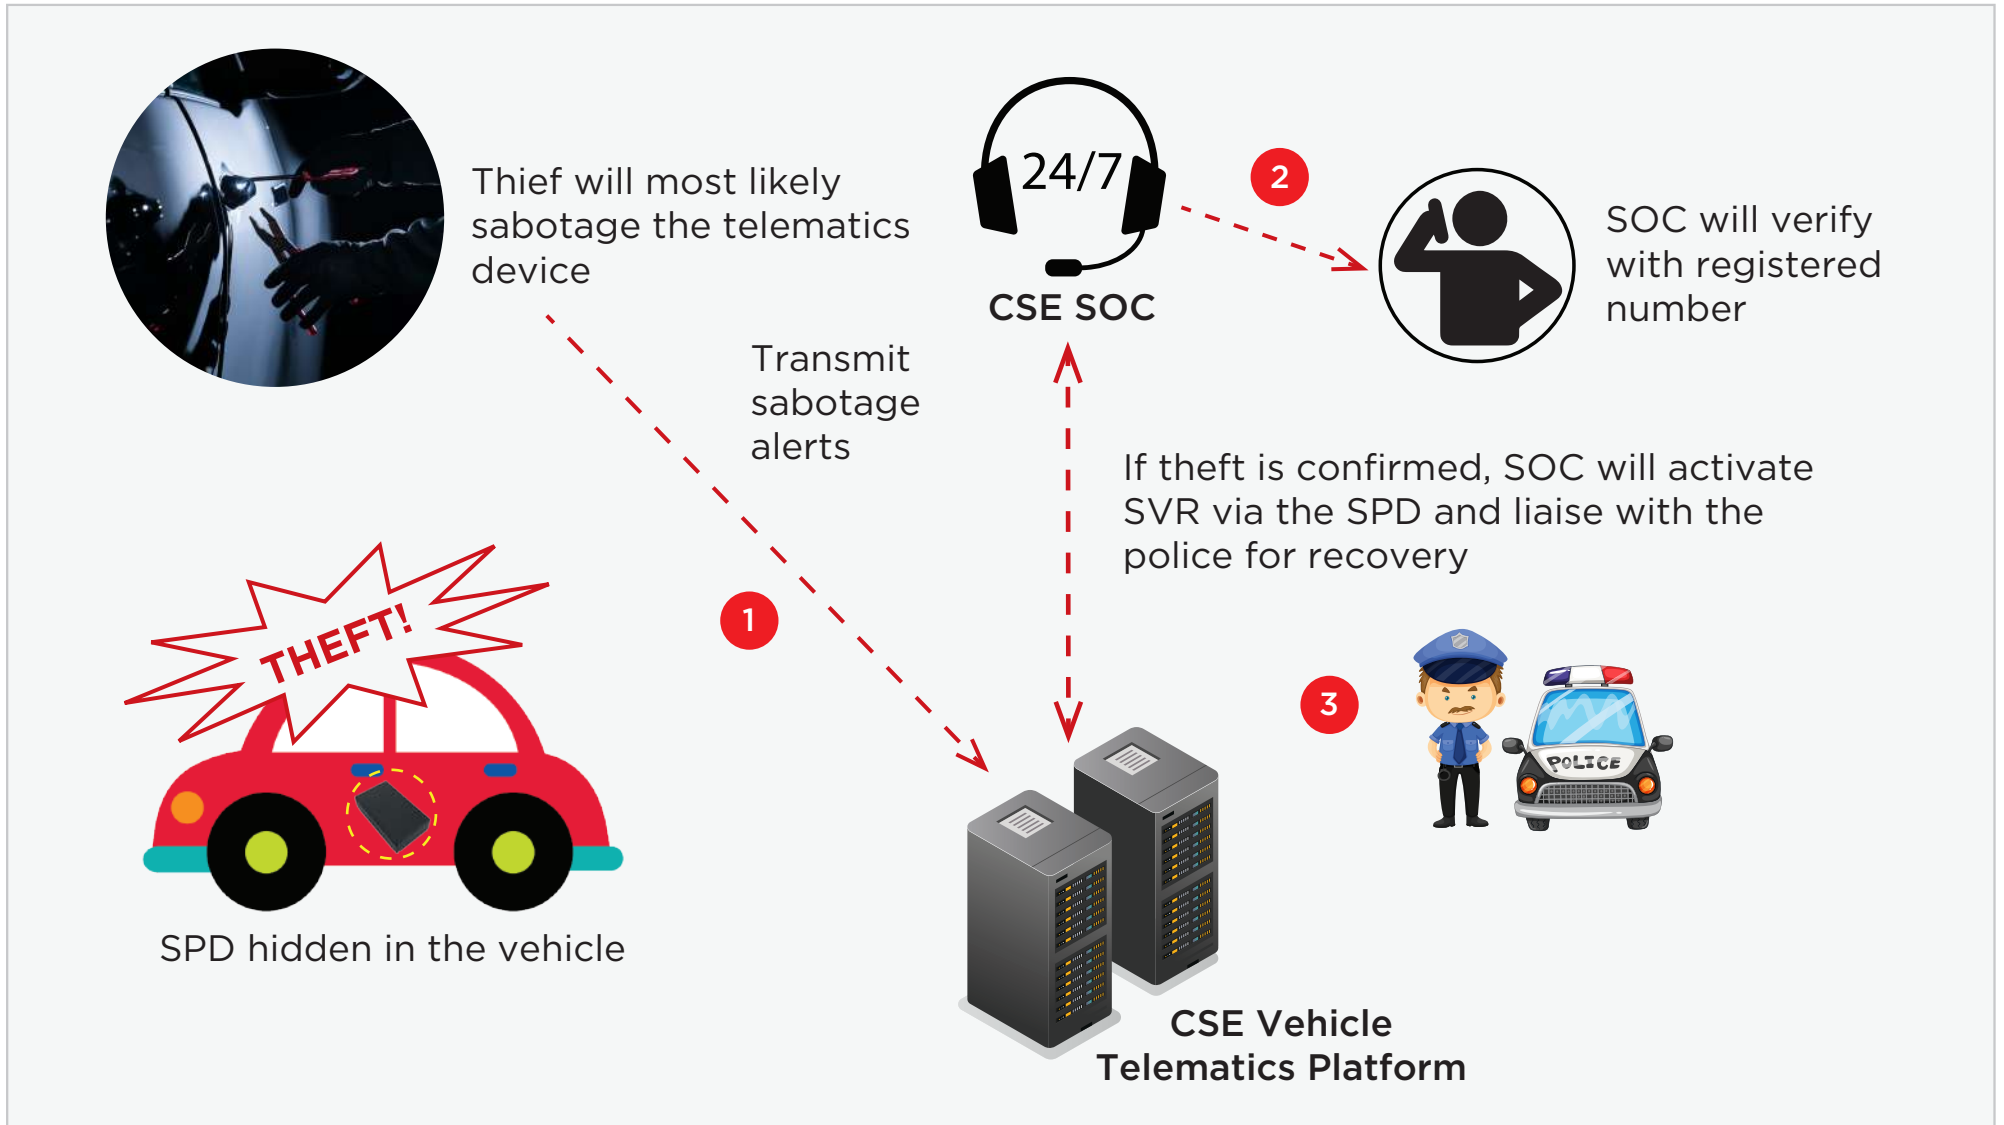

The telematics device will send location to CSE Vehicle Telematics platform daily.

If any of the devices is not matching with each other e.g. disconnected, this may mean one of the devices has been sabotaged. Then an alert will be sent to CSE SOC who will call the registered owner to verify if the vehicle is safe.

Cobra Connex | Stolen Vehicle Recovery - Automatic

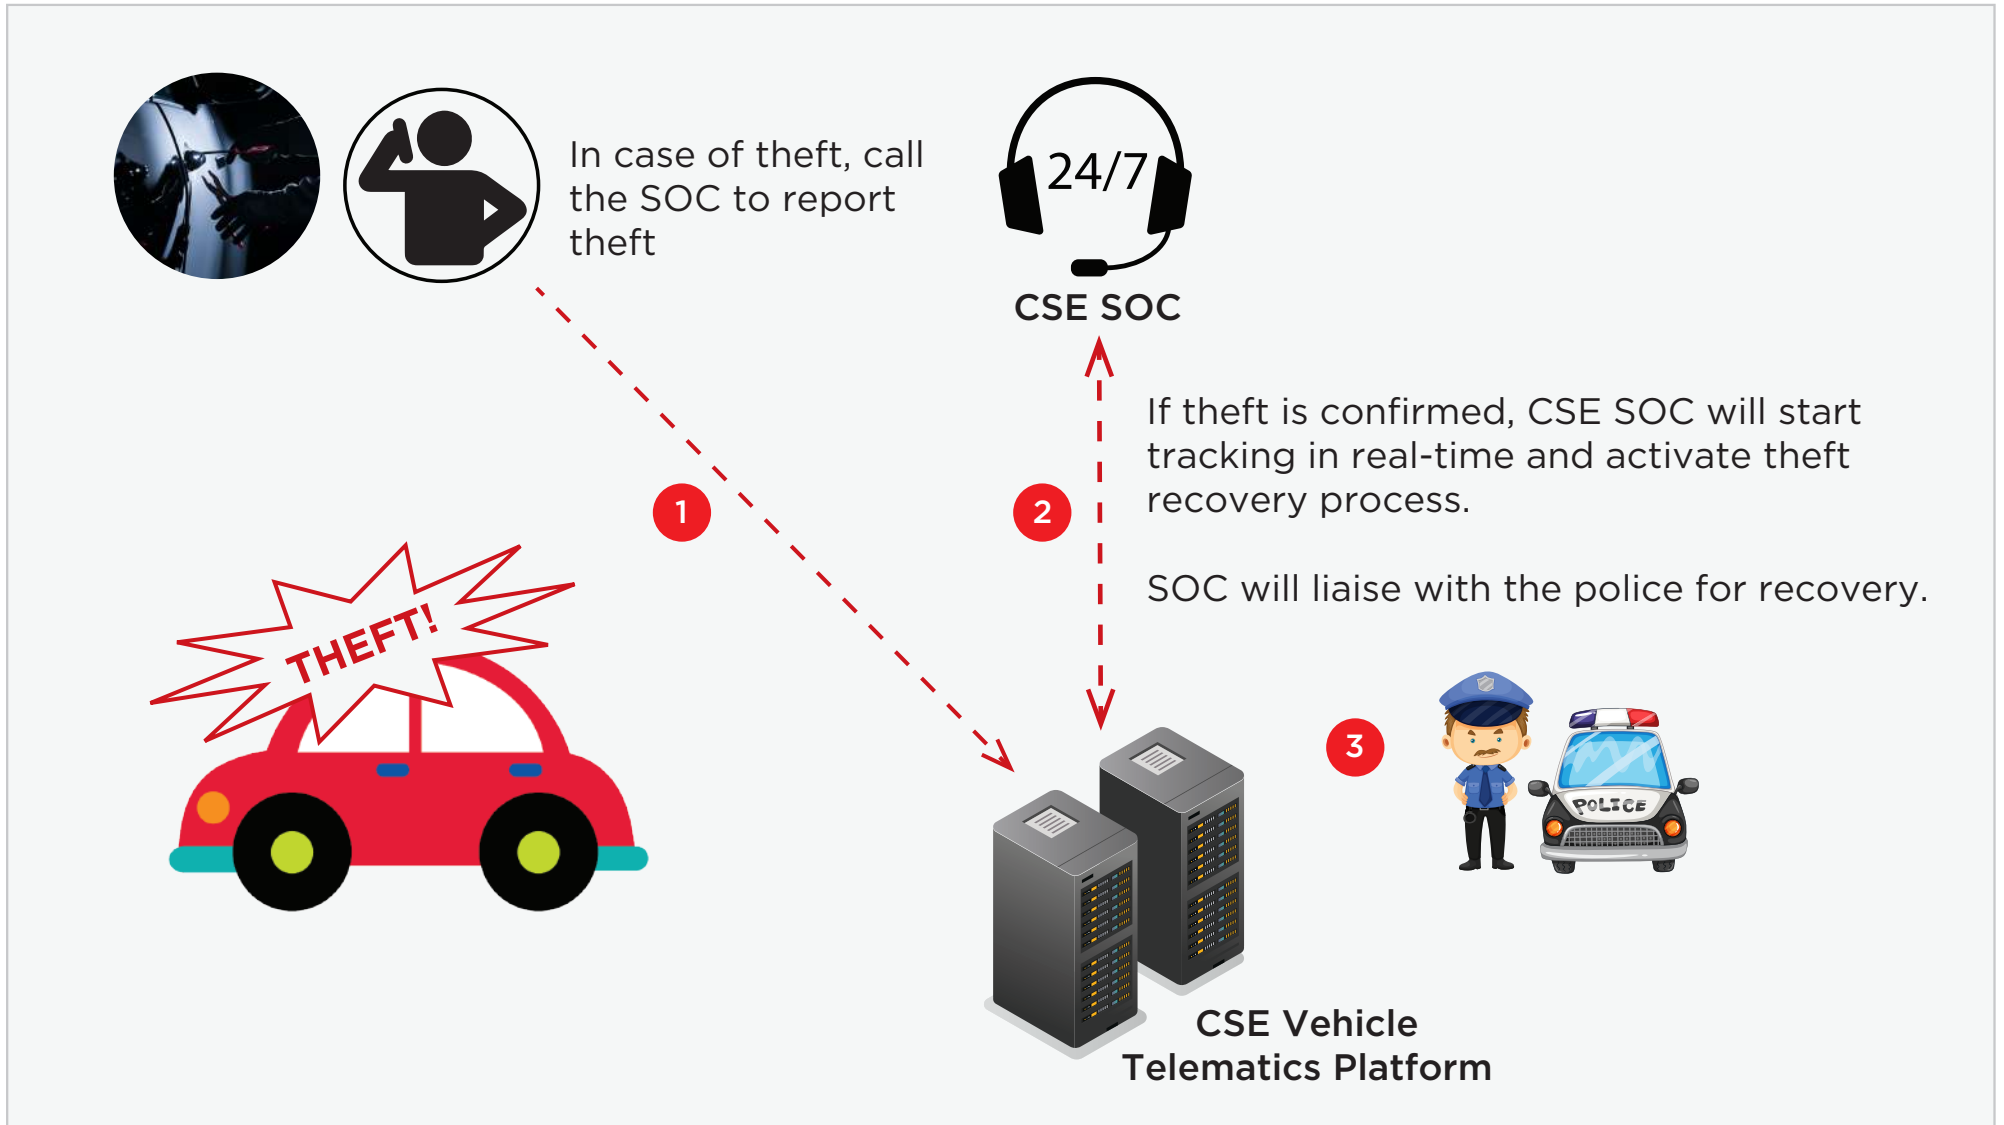

Theft recovery by SOC

Cobra Connex | Stolen Vehicle Tracking - Voluntary

Theft recovery on demand by SOC

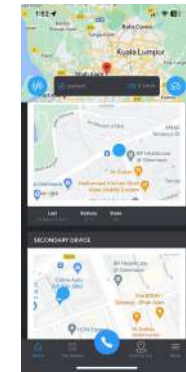

My Connex mobile app features

- ✓ **Car status** > Check if car is parked/driving with location, ignition On/Off, device battery, vehicle battery
- ✓ **My driving style** > Based on speeding over road speed limit, harsh acceleration, braking & cornering
- ✓ **Alerts** > Speed - Set speed limit. If vehicle speed exceeds the limit, receive alerts (Push, email)
> Smart alarm (Secure mode) - Enable/disable Smart alarm. If car is driven without authorisation or towed, alerts are sent (Push, email)
- ✓ **Secondary device** > Check location of your secondary devices
- ✓ **Trip review** > Check trips with driving score. Trip details include - start & end, location/time, distance, mileage, review, route taken, events
- ✓ **Find my car** > Check vehicle location, real-time tracking & traffic conditions on Google map. Google satellite view, street view
- ✓ **Service & Maintenance reminder** > To set service due reminder
- ✓ **Multiple vehicle management** > Access cars fitted with Connected Car with one app
- ✓ **Help button (SOC)** > Press to report car theft, Customer service, Emergency & Roadside assistance
- ✓ **Update your phone number & email** > Make sure we can reach you when needed

Car status

Secondary device

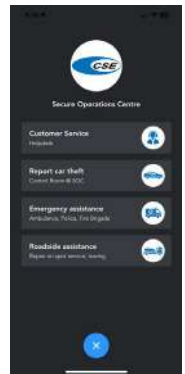

Trip review

Find my car

More

Help button (SOC)

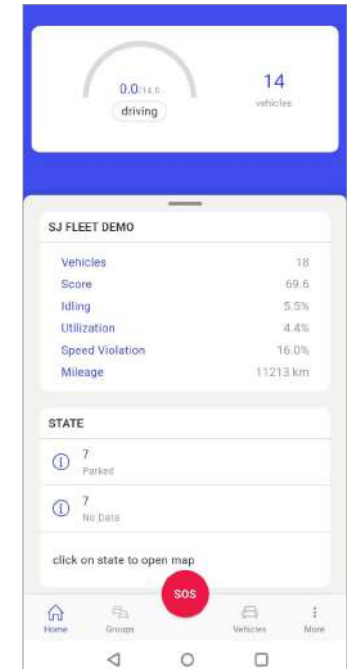

Web features

- ✓ **User profile** > Update the current phone number and email
- ✓ **Geofence alert** > Set Zone in/out alerts (Multiple geofences)
- ✓ **Vehicle tracking** > Track vehicle in real-time
- ✓ **Speed alert** > Set speed alert

Cobra Connex | Option for Fleet Management (Web & App)

Fleet Management via App (FleetJet) - Lite/Plus

- ✓ **Dynamic dashboard** > View status of all vehicles e.g. driving, parked, idling, speed violation, etc.
- ✓ **Map** > Google satellite or street view, real-time tracking, traffic information
- ✓ **Online Monitoring** > Up to 500 vehicles can be monitored on the map at the same time
- ✓ **Find vehicle & check status** > Find & track vehicle in real-time and check ignition On/Off, vehicle battery, device battery, last data received
- ✓ **Vehicle group** > Search by group, vehicle or plate number, view all vehicles on map
- ✓ **Groups** > Group your fleet e.g. by location (north, south, east or west), by service operations for easy monitoring, etc.
- ✓ **Group snapshot** > View selected group of vehicles on map, get a summary of how many vehicles are parked, idling, driving
- ✓ **Statistics** > Summary of trips, mileage, max speed, utilization, driving score, etc.
- ✓ **Trips** > Check trips made - duration, KM, trip start and trip end
- ✓ **Notifications** > Speed violation with trip details, location, road speed limit and maximum speed
- ✓ **Fuel usage** > Total fuel used, wasted fuel
- ✓ **SOS phone button** > Emergency, report theft (Control Room & SOC), customer service

Cobra Connex | Option for Fleet Management (Web & App)

Fleet Management via App (FleetJet) - Lite/Plus

	Lite	Plus
✓ Online monitoring > Monitor & track all vehicle fleets on the map in real-time	✓	✓
✓ On-screen report > Select, view trip details, areas travelled	✓	✓
✓ Online dashboard > View vehicle activities by month + summary	✓	✓
✓ Geofence control > Set geofence for an area with speed and idling parameters and link it with alerts (push & email)	✓	✓
✓ Road speed violation report > Check whether road speed limits are followed	✓	✓
✓ Fuel control > Check fuel consumption and usage	✓	✓
✓ Idling control > Set idling alerts. If vehicle idles for XX minutes, receive alerts (push & email)	✓	✓
✓ Speed control > Set speed limit alerts. If vehicle speed exceeds the limit, receive alerts (push & email)	✓	✓
✓ Trip review > Review previous trips with events and driving score	✓	✓
✓ Trip replay > Verify and view how trip was made by replaying trip	✓	✓
✓ Trip statistics > Details, exceptions and usage in charts and graphs for easy analysis	✓	✓
✓ Service & maintenance > Set service reminder for vehicle	✓	✓
✓ Basic reports > Vehicle summary, trips and events	✓	✓
✓ Alert management dashboard > Dedicated dashboard to view all alerts, manage and process online		✓
✓ Driving score > Check how vehicle had been driven based on speeding, acceleration, harsh braking and cornering		✓
✓ Journey report > Minute-by-minute to verify incidents, complaints		✓
✓ Dynamic dashboard > You can customise dashboard with different features e.g. based on fuel usage, speeding, driving score events, etc.		✓
✓ Living area & Heat map > Use living area to find out the area that the vehicle had mostly travelled within the certain period		✓
✓ Multiple driver management > Multiple drivers per vehicle with individual driving score by driver		✓
✓ Accident reconstruction > Panoramic reconstruction 60s before and 10s after impact to ascertain the cause of the accident		✓
✓ Extensive reports > Basic reports + scoring data + Smart Fuel + customised reports based on more than 300 parameters		✓

Cobra Connex | eCall device on the windscreen

Wire-free Solar-powered device for Windscreen fit with M2M SIM Chip - roaming among Maxis, Celcom, Digi

USB magnetic plug to charge windscreen device battery in case of insufficient solar charge

Main specifications/features

- ✓ No wiring with the vehicle, automotive adhesive
- ✓ 400mW Solar power on the back panel to support internal battery (2Ah, 4.8Wh)
- ✓ 6 axis accelerometer + gyroscope for crash detection, reconstruction and precise start and stop detection
- ✓ M2M Global roaming SIM and in Malaysia roaming among Celcom, Digi & Maxis
- ✓ Modem and SIM chip for real-time notification
- ✓ Internal rechargeable battery - maximum 4 hours full charge from flat
- ✓ Magnetic plug for USB recharge
- ✓ Multi colour LED for real-time user feedback and device auto-diagnosis
- ✓ Large bCall button
- ✓ E-Mark R10 | RED | SIRIM
- ✓ FOTA

Cobra Connex | Self-powered Device (SPD) for Stolen Vehicle Recovery

Wire-free Self-powered device with M2M SIM Card - roaming among Maxis, Celcom, Digi

Main specifications/features

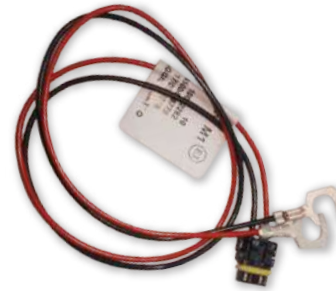

- ✓ SPD Compact design 70x20x40mm (LxWxH)
- ✓ M2M Global roaming SIM card and in Malaysia roaming among Celcom, Digi & Maxis
- ✓ Wire-free and self-powered
- ✓ Small size, easy to hide, easy to fit
- ✓ Wake up 3x/day with location update to check for theft
- ✓ 3x/day wake up time, battery life up to 1 year (2 x CR123A lithium battery)
- ✓ Tracking mode battery life (up to 2 weeks)
- ✓ Daily device health check
- ✓ High accuracy of positioning, GPS/GLONASS receiver
- ✓ GSM/GPRS modules
- ✓ 3 axis accelerometer & gyro sensor
- ✓ Flash memory
- ✓ IP54
- ✓ SIRIM

Cobra Connex | Vehicle tracking with 2-wire or 3-wire device

Telematics device with
M2M SIM Card - 1 telco

T32
2-wire battery-fit

T42
3-wire cabin-fit

Main specifications/features

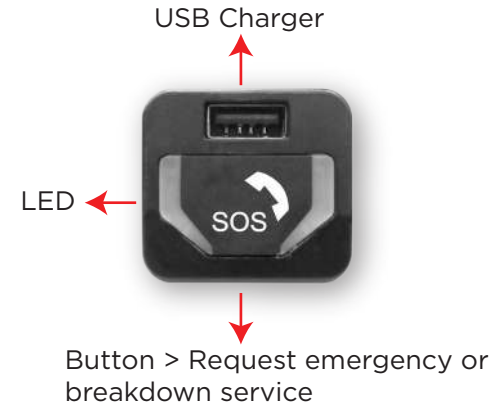

- ✓ 6 Axis accelerometer & Gyroscope for orientation, precise crash detection & reconstruction
 - 3 Axis accelerometer for driving behaviour
 - 3 Axis Gyroscope
- ✓ Event recorder that records trips and send crash data on detection of a crash (Black box)
- ✓ Power consumption Sleep mode, < 5mA with modem & accelerometer switched ON
- ✓ Crash event detection with ignition OFF
- ✓ Ultra sleep mode < 2mA
- ✓ Inbuilt back-up battery
- ✓ Waterproof protection IP65
- ✓ Crash detection (ASI Value)
- ✓ Auto self orientation for direction & crash detection
- ✓ FOTA
- ✓ E-Mark R10 | R&TTE | SIRIM

Cobra Connex | Vehicle tracking with cigarette lighter plug

Cigarette lighter plug device with M2M SIM Card - 1 telco

Main specifications/features

- ✓ GSM/GPRS (2G)
- ✓ Input voltage range: 10-30 V DC with overvoltage protection
- ✓ Back-up battery: 170 mAh Li-Ion battery 3.7 V (0.63 Wh)
- ✓ USB type A for external device charging (5V 1A)
- ✓ LED indication: RGB LED
- ✓ Nano-SIM
- ✓ 128MB internal flash memory
- ✓ Operating temperature (without battery): -40 °C to +85 °C
- ✓ Ingress Protection Rating: IP41
- ✓ FOTA
- ✓ E-Mark R10 | CE/RED | SIRIM
- ✓ Dimensions: 96.7 x 33.4 x 27.5 mm (L x W x H)

CSE Telematics | Secure Operations Centre (SOC) 24/7, ISO 27001 certified

- ✓ **eCall Automatic collision response**
 - Auto eCall – receives crash data & voice call, checks for severity and liaising with customer
 - Liaising with MERS 999 for nearest emergency vehicles to crash location

- ✓ **Emergency assistance**
 - Manual eCall – receives SOS data & voice call, liaising with customer
 - Liaising with MERS 999 for nearest ambulance to location

- ✓ **Breakdown assistance**
 - Manual eCall – receives SOS data & voice call, liaising with customer
 - Liaising with roadside assist provider for nearest service vehicles to location

- ✓ **Proactive theft management**
 - If the main device and SPD are not matched, SOC will call the registered number to verify if the vehicle is safe

- ✓ **Stolen vehicle recovery**
 - Receives theft confirmation from customer, activating the SVR process, locate the car and liaising with the Police for recovery

- ✓ **Customer service & Help-desk**
 - Customer enquiries, device health check, service activation, technical support
